P 2010 Oxford  
Clair Vial and Graham Meadows.  
*Zoozoo into the wild Series* - The  
Zoozoo series is focused on  
developing early literacy skills with an  
emphasis on science and math.  
These materials explore a range of  
early reading concepts and can be  
used for oral language activities to  
stimulate language development and  
literacy. Each story teaches simple  
animal facts that focus on lifestyle,  
habitat, and special characteristics.  
Vibrant photography provides strong  
visual support for the text, clearly  
illustrating each fact in the book. Print  
is well spaced to allow emergent  
readers to more easily decode text.
