* Lightning to Digital AV Adapter [Coordinator Kit]

41218 SK
T 2022
Enhance your presentation or entertain the room with the Apple Lightning Digital A/V Adapter. With both video and audio output and the ability to screen video content in up to 1080p, this adapter can be used to project video content, photos and slides from your Apple device onto a larger screen including HDTVs and video projection screens. Simply connect this A/V adapter to your Apple device's Lightning connector then use an HDMI cable to connect it to a television or projector. This Apple adapter is specifically designed for a Lightning connection and can be used with your iPad with Retina display, iPad mini, iPhone 5 or fifth generation iPod Touch. HDMI cables are sold separately. - For use with iPads, iPhones and iPods with a Lightning connector Projects video content in up to 1080p HD - Compatible with widescreen TVs, video projection screens or other HDMI-compatible displays - Requires HDMI and Lightning connectors for use - Supports both video and audio output
Electronics

* Lightning to VGA Adapter [Coordinator Kit]
